Ted Sorensen, Student Body President

GUNN'S GREATEST YEAR . . .

The past year has been Gunn's greatest. The athletic teams have developed a winning spirit and our academic standing has proved to be of the highest caliber. Student government this year has gained a maturity that only time could give it. Because of the truly outstanding group of commissioners that I have had the pleasure to work with, government this year has improved communications, enhanced tradition, and gained a new respect from both students and faculty. I would especially like to thank Mr. Richard Robbins, who has devoted a good portion of his time to student government and activities. He provides a link to the past government by telling of their experience so that we may gain from them. And, of course, I would like to thank our incomparable principal, Dr. Robert McLean, without whom student government could not have accomplished what it has.

r.
Tasista
am sorry
hat I have been
uch a problem to
you. But it has been
nteresting Diane

Dear Su

r Kind Mrs. Tasista — I've really appreciated all your help this year. The masking tape, loan of typing paper, and time. But most of all your smiling squinty eyes.

Thank you so much —

Love,

Anne

Mrs Tasista (Grandmother)

Well, this is going to be a hectic day, I can see that, something tells me I'd rather take a test then put all those books away. See you soon, I hope.

Love,

Rosalie DeRenzi
